CARD OF THANKS.
I wish to thank the good ladies of the Auxiliary to the Brotherhood of Locomotive Engineers for their liberal donations to me for the nine months I have been injured, in which time I have not been able to work; and also to the many employees of the L. & N. who helped me every month. I was injured in wreck on July 13, 1904, at Milligan, by derailing of extra engine 28 on which I was fireman.

Fire in Louisiana.
Keatche, La., May 6.—The store belonging to the Peyton estate was burned Friday. The building, with Atkinson's store and stock and Justice Talbot's office, was totally destroyed. The entire loss is about \$6,000; insurance \$4,000.

Family of Rats End Life Together.
In the yard of a local residence, a pathetic sight was seen the other morning. Near the water faucet was a family of dead rats. They had eaten Stearns' Electric Rat and Roach Paste and rushed out of the house to the nearest point where there was water, and gave up life together. Stearns' Electric Rat and Roach Paste is sure death. It is easy on use and absolutely guaranteed to kill cockroaches, water bugs, rats, mice, etc., driving them out of the house to die. Druggists generally have the Paste for sale, or a package will be sent, express prepaid on receipt of price by the Stearns' Electric Paste Co., Chicago, Ill., U. S. A. Small size, 25c; Hotel size, eight times the quantity, \$1.00.

NATIONAL GUARD ASSOCIATION

WILL HOLD THIRD ANNUAL CONVENTION IN JACKSONVILLE.
WILL BEGIN THURSDAY.

The third annual convention of the Florida National Guard Association is to be held in Jacksonville on Thursday of this week. The association will meet at 11 o'clock in the morning in the auditorium of the Windsor hotel. This organization was formed three years ago and is composed of commissioned officers of the Florida State Troops. All officers and all persons who have held commission in either the Florida State Troops or the Florida Naval Militia are entitled to membership in this organization. It is hoped to make this the largest and most interesting convention which has yet been held, and papers are being prepared by quite a number of the officers upon military subjects which will be of general interest throughout the troops, and will doubtless be the means of greatly improving the various organizations throughout the state. While a number of officers have been assigned subjects for papers at this convention, it is understood all officers are invited and urged to prepare and submit their views on any matters which they may deem of interest, or which they think will be beneficial to the service. Among the subjects for discussion will be several matters relating to the military which are now pending before the legislature.

Captain M. Henry Cohen of Tampa, who is the secretary of the association, is sending out a notice to all members that the railroads of Florida have made a rate of one and one-third fare for the round trip. This rate is good for all delegates to the convention, and all who are eligible to membership who contemplate affiliating with this association at this session, as well as their wives and daughters. The rate is made upon the certificate plan and all delegates when purchasing their tickets to Jacksonville, should ask their local railroad agent for a certificate, which, when vided by the secretary of the association and the representative of the railroads at Jacksonville, will enable them to purchase their return ticket at one third the regular fare.

SPECIAL DINNER TO-DAY AT NICK APOSTLE'S. BEST THAT CAN BE HAD FOR THE MONEY IN THE CITY FOR THE SAME PRICE.

A Friend of Humanity.
The Florida legislator who has introduced a bill to exempt dentists from jury duty is a student of human nature and a friend of the race. Of course dentists should be exempted from jury duty. Imagine the suffering and sorrow that would be caused if the only dentist in town were "tied up" on the jury for two or three days while the little imps of toothache worked their files and drills and hammers on and in the molars of several of the good citizens. By all means leave the dentist in his office. Almost anybody will do for the jury, but only the dentist knows what to do for a jumping tooth.—Savannah News.

TWO ARRESTED FOR SELLING LIQUOR.

Dr. A. E. Stevens, formerly of this city, who once conducted a drug store on Wright street, was arrested yesterday by Constable Smith, charged with selling liquor without a license. He has been conducting a business at Molino.

The constable also arrested Mary Jane Richards, a colored woman. She is charged with having operated the illicit liquor joint with Stevens, and was docketed upon the same charge.

LEGISLATORS ON INSPECTION TOUR

SPECIAL COMMITTEE HAS BEGUN
WORK OF LOOKING OVER
FLORIDA CANALS.

The St. Augustine Record, in a recent issue, says:

There arrived in the city last night from Tallahassee the special committee appointed by the legislature of Florida to make a thorough inspection of the canals of the Florida Coast Line Canal and Transportation Company and report to the legislature.

This committee, composed of Senator Frank Adams, of Jasper, Senator Thomas S. Davis, of Fernandina, Representative Noble, of Lake, Representative Sprague, of Putnam, and N. A. Adams, of Jasper, was met at the depot by President George F. Miles, of the canal company. Early this morning these gentlemen, together with President Miles and George W. Gibbs, of the canal company, left in the company's launch for the Matanzas cut. Superintendent George G. Gleason had gone down to Ormond in order to arrange for another launch to be in readiness to meet the party at the end of their six-mile drive from the Matanzas dredge to that working in South creek above the Tomoka.

The party will then proceed on down the East coast through the Halifax and Hillsborough rivers to Mosquito lagoon, then through the Haulover canal into the Indian river for the 150-mile trip to Jupiter. The route then will lead through Lake Worth creek and from West Palm Beach the committee will follow the series of canals and lakes to Biscayne Bay, returning from Miami by train.
